NEW BUSINESS

Resolution # 2022-03-15-01, application for County ARPA funding, was presented by Mayor Isenhower. The city is requesting funding for 2 new police cars with plexiglass dividers, air purifier system for each section inside the cars, and plastic seats to fight possible spread of the covid virus. A motion to approve Resolution #2022-03-15-01 was made by Alderman McClendon and seconded by Alderman Odom. Passed 4-0

A discussion was held on the future appropriation of ARPA funds. Mayor Isenhower suggested equal division of approximately \$95,000 for each department (street, police, and fire) once the total distribution is received. The mayor recommends two additional cars and vests for the police department, extend the fire station by two bays for the fire department, and a more reliable work truck and backhoe with a cab for the street department. He asks the council to consider these suggestions and/or submit additional suggestions in the near future.

Mayor Isenhower reported that the state will replace new population road signs sometime after July 1st or the city can purchase the new signs and replace the old ones. The Council agreed to wait until the State Highway Department replaced the population totals.

With no further business to discuss, a motion to adjourn was made by Alderman Odom and seconded by Alderman Breshears. Passed 4-0
